ADDAMEGH FOR INDUSTRIAL SOLUTIONS
YOUR PARTNER IN INDUSTRIAL PROGRESS

COMPRESSED AIR TECHNOLOGIES | FILTRATIONS

Authorized Parker Distributor in Saudi Arabia

ENGINEERING YOUR SUCCESS.

EDITION III | MARCH 2016

OUR VISION

“To become the local market Leader in Motion and Control Technologies, offering the best product solutions with the for optimal client satisfaction.”

OUR MISSION

“To satisfy our clients with the best quality products and technologies in partnership with world renowned principals, highly qualified and trained professionals at locations in close proximity to clients.”

Addamegh For Industrial Solutions, founded in Dammam in 1989, is a Trading, Services and Industrial oriented flag. We cover entire Saudi Arabia, positioned in the field of Compressed Air Technologies “**from Source to Exhaust**” as a complete package provider, supported by the vast experience of our technical partner, **Parker Hannifin – The Global Leader in Motion and Control Technologies.**

For over 25 years, we have focused on providing quality products to end users. We are committed to collaborate continuously with our valuable customers to develop stronger, lasting relationships and provide innovative product solutions for each unique application based on our partnership and experience.

Each and every staff at Addamegh For Industrials Solutions are the foundation of the company’s success and we understand the powerful value of teamwork in order to advance to the next level.

We focus on our customers’ interest and their future, operating with the strength and versatility of technically qualified personnel, and with a vision to achieve the highest customer satisfaction possible with utmost commitment and involvement.

Complying with the Saudi National Program and in order to support Saudi industrial growth that is envisioned by the **Ministry of Commerce & Industry,**

FAHAD I. AL-DAMEGH
PRESIDENT
ADDAMEGH GROUP

we have implemented the so-called local content “localization”. This was made possible by acquiring the necessary **Expertise and Technologies** from our technical partner “**Parker Hannifin**” to open “**PNEUMATIC SOLUTIONS FACTORY**” in Dammam which is the second industrial city home to **The First indigenous Pneumatic Cylinder manufacturing unit in Saudi Arabia**, fulfilling the growing need for tailor-made **Pneumatic Cylinders**, often within 24 Hours on demand.

We thank all our customers for their trust and support all through this long journey!

Barry Mackay, Regional General Manager – Parker Hannifin, presented the Outstanding Sales Achievement Award in the region for FY15, to **Fahad Al-Damegh** President – Addamegh Group

Celebrating the successful conclusion of Arabal 2015

ADDAMEGH FOR INDUSTRIAL SOLUTIONS

Addamegh For Industrial Solutions, is the leading integrated **Compressed Air Technologies “from Source to Exhaust”**. Our success is driven by our professional staff and their commitments to get the best results from inception by operating with determination, executing with excellence, applying innovative technologies and capturing new opportunities.

We are involved in virtually every facet of the **Compressed Air Industries** as we are located “**Where Our Clients Need Us**”.

We trace our beginning in 1989 at Dammam – Saudi Arabia as our headquarters. After many years of experience we joined hands with **Parker Hannifin, the global leader in motion and technologies** in 2007, subsequently opening two ParkerStores in Dammam & Riyadh in 2010, and thereafter at Jubail in 2013 and Dammam 2nd Industrial City in 2015. Our latest Parker Store in Jeddah will be open shortly at the 3rd Industrial City in 2016.

Our commitment starts from the point we deliver our products. We offer dedicated **after sales service** in case more additional support is required by our valuable clients.

ParkerStore is a concept that allows customers to freely select the Parker products they require immediately off the shelves. The products are displayed in a very attractive and customer-friendly manner.

We ensure that our products and services are available and accessible to customers who are located all around the country who can expect to receive premier services supported by first class technical back-up and year-round availability of stock.
